Thursday 18th August 2011

FURBER ROAD – The group agreed that this site would be the most suitable location for a play area.

SUGGESTIONS/ISSUES

Part of the site is being used as a car park by local residents.

Health & Safety issues around children using the park as the site is bordered by a busy road. It was also considered to be too close to the Kingsway.

Previous equipment on the site had been vandalised.

The group agreed that any play area would have to be enclosed, also dog free.

- Enclosed play area.
- Improved traffic crossing scheme
