

How to Get to Troopers Hill Local Nature Reserve

www.troopers-hill.org.uk

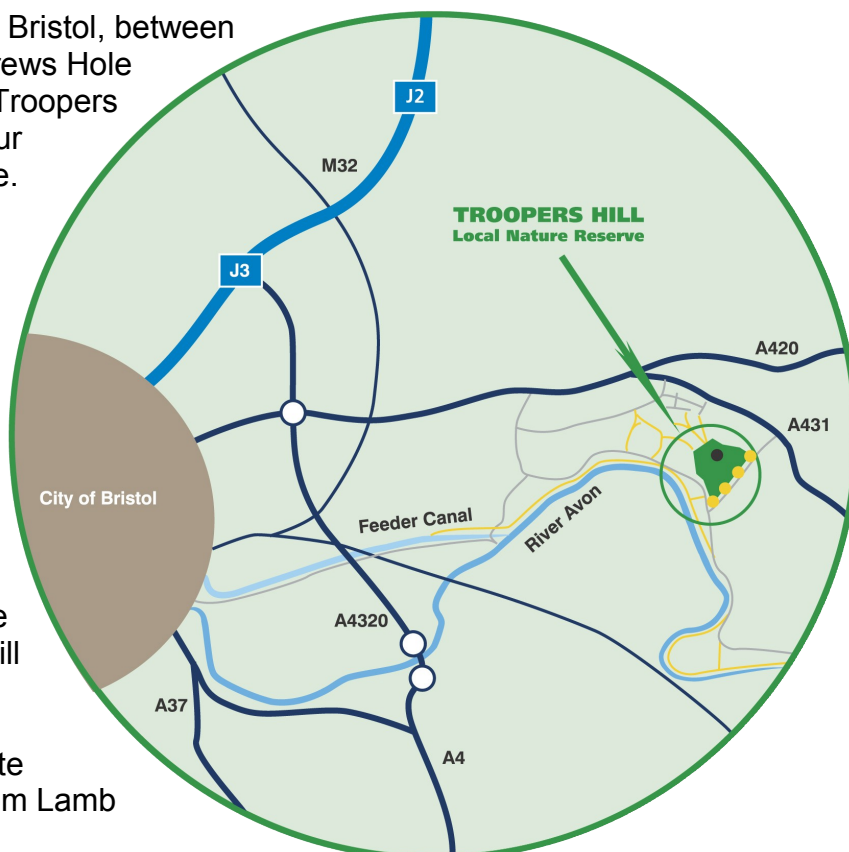

Troopers Hill is owned and managed by Bristol City Council, there is free unrestricted access all day everyday.

Location

Troopers Hill is in St George, east Bristol, between the A431 Air Balloon Road and Crews Hole Road. These roads are linked by Troopers Hill Road, from which there are four pedestrian entrances on to the site. The lowest is close to the junction with Crews Hole Rd and gives easy access to or from the [River Avon Trail](#), but please take care crossing the roads. The nearest entrance to Air Balloon Road is at the corner of Greendown.

Alternative entrances are from the east end of Malvern Rd or from Summerhill Terrace. Access from these entrances is across the grassy area known as Troopers Hill Field.

There is another footpath to the site through Crews Hole Woodland from Lamb Hill.

Accessibility

The entrance at Malvern Road provides the easiest access for those with limited mobility and from here there is a wheelchair accessible path to the top of the hill so that everyone can enjoy the wonderful views. Some of the slopes on this path may mean that some wheelchair users need assistance. The remainder of the paths on the hill are unsurfaced and there are some sections of steep steps. Beware of steep cliff edges.

Visiting on Foot or by Bike

The St Phillips Greenway and the River Avon Trail provide a walking or cycling route from the centre of Bristol. We would prefer it if you would leave your bike secured to one of the fences at the entrances and explore the site on foot. If you choose to take your bike on the site please be considerate of other visitors and keep to the paths. Please do not ride on the grassland or unsurfaced paths when the ground is wet.
